BACK TO SCHOOL

There is an important date for thousands of California youngsters just around the corner. The long summer vacation is nearly over and the problems of school—classes, home work, "exams"—now loom ahead.

The job of educating our youngsters was never a more vital one than it is today. It is not merely to hand down to them a collection of dusty dates, names and facts, but to inculcate within them appreciation of their privileges and responsibilities as citizens in a democratic nation.

Probably more 'teen agers have worked this summer than ever before. High wages will tempt many of them to stay out of school "just for a while." The longer a youngster stays out, the more reluctant he is to return. The temporary financial advantage gained by continuing to work will never compensate for the lack of a complete education.

Parents should not only insist that their children return to school, but should encourage them to save a substantial part of their earnings for their future education. These funds should be put into War Bonds or a bank savings account. Branch banks, statewide in service, provide convenient facilities for both forms of savings. Money set aside for a higher education will pay dividends which cannot be measured in dollars.

The American Public Schools system is a bulwark against the flood of foreign ideologies. We must make full use of it. The enlightenment and training which our children gain in their classes today will be sorely needed tomorrow when they, as members of the older generation, must cope with the difficulties growing out of the present world upheaval.

So to America, returning school days mean young, able hands are being trained to protect and add to the greatness of the years ahead.

LABOR DAY

Little celebration, plenty of work—this will be the theme of America's thrid wartime Labor Day.

Although the workers of this nation cannot slacken in their efforts to turn out the needed materials of war, they can look back on a record of production unparalleled in world history.

Because American labor came through in the pinch, American-built planes fill the skies over Europe, the South Pacific, and are making frequent visits to the homeland of Japan itself. American-built ships plod the seas in greater number than ever before, making up the greatest merchant fleet in the world. American-built tanks are swarming over the fields of France, driving the Nazis back toward the Rhine. American-made bombs and bullets and shells are bringing home to the Axis the folly of challenging America's industrial might.

All this has been done in spite of the many hundreds of strikes which have plagued the nation and at times caused serious obstruction to war work. But in fairness to American labor as a whole, it should be pointed out that a great number of these walkouts were never sanctioned by union officials nor approved by the millions of men and women who have stayed on the job faithfully, putting the interests of their country first.

Intelligent labor leaders realize that only as the unions prove themselves responsbile and keep their demands within reason can labor retain the benefits it has gained and continue its march of progress. And this is what they and the great majority of American workers wish to do.

So, on this Labor Day of 1944, we hail the American men and women—54 million strong—who form the "grand army" of the home front. They have proved worthy soldiers in the battle of production.

Coffee Ice Cream Topper

ICED coffee topped with coffee ice cream piles superlative on superlative, spells satisfaction in anybody's summer language. Delicious all by itself, adding coffee cream to iced coffee makes an unbeatable dessert-beverage combination. When the humidity is high, it's high time to serve the family a cooling concoction such as this. Coffee Ice Cream Topper is also just the thing to serve when friends drop in for a visit in the afternoon or evening. You can have the refrigerator ice tray full of ice cream and then fix up this delicious drink in no time at all.

No cooking is necessary when you make this mouth-watering Refrigerator Coffee Ice Cream. It is cold and delicious to eat . . . It is cool and easy to make. In addition to serving it as ice cream, use it also as a topping for glasses of iced coffee. It has a flavor all its own and every member of the family will love it. Here is the recipe for Refrigerator Coffee Ice Cream. It is thoroughly tested.

Refrigerator Coffee Ice Cream

1½ teaspoons unflavored gelatin
1 cup strong cold coffee
¼ teaspoon salt
1 cup cream
⅔ cup sweetened condensed milk

Soften gelatin in ¼ cup cold coffee and stir over hot water until dissolved. Add salt and cream and place in refrigerator until mixture sets. Whip until smooth, and slightly thickened. Stir in condensed milk and remaining coffee and beat well. Place into refrigerator tray and freeze. When partially frozen, remove from tray, beat thoroughly, and return to tray. Continue freezing several hours until firm. Yield: About 1½ pints.

Mrs. America Meets The War - -

Mrs. America can now meet the war in color from head to toe. With the exception of two-tone footwear WPB has relaxed the colors which can be used in shoe manufacturing. Restrictions have also been lifted on minor styling features such as high heels and metal ornaments. And if you like all-leather bows they, too, can be made providing they are from scrap leather. At the same time OPA has ruled that milady's shoes will cost no more if a manufacturer substitutes an ornamental bow of equal or less cost than the one currently being used.

The clothes which you buy to keep the war worker in your home well dressed now has a ceiling price. When you go shopping for staple work clothing you will find dollars-and-cents price tags on those dungarees and chambrays.

Mrs. America, let the mail bring your new "A" gasoline ration book! You can get your application from your local War Price and Rationing Board or filling station. Attach the BACK cover of your current "A" book along with your tire inspection record before mailing it to your board. Remember, will not get your book back unless you include both attachments.

If you've been a clock watcher with an eye on that used clock you can now look for the ceiling price tag. OPA has widened its list of consumer goods to include personal and household accessories, hardware, appliances, and jewelry (except precious stones). Also covered are radios, phonographs and records, optical goods, and toys and games for the kiddies.

Mrs. America, why not fill your empty fruit cupboard with home canned peaches? WFA says there's a superabundance of cling peaches now available on the market. 'Tis true they will require longer cooking and do not skin as readily but they will solve your dessert problem when you return home from a late shopping spree.

Milk solids will soon be finding their way back to that wartime loaf of bread. The order which WFA issued sometime back restricting their use has now been withdrawn. That means the return to prewar standards of nutritive values in the bread you buy.

It may be out of date to go to your service station and say "Fill Her Up" but it's very much the vogue to ask your neighbors to "fill her up." Before you go to market or attend that dinner party remember to share your car. Keep up with the times and start a car pool.

Announce Results Of State Lottery

From among 3910 applications, 500 lucky winners and 300 alternates have been drawn in the State Division of Fish and Game lottery for this year's antelope hunting permits.

Bay area residents drew 30 per cent of the coveted permits and another 30 per cent of the winners were in Modoc, Siskiyou, Lassen, Plumas and Shasta counties. The remaining 40 per cent were distributed through the rest of the State. Alternates will get permits of those winners who failed to reply after notification.

To Mail Income Tax Statements, Sept. 1

Income tax statements on Estimated Declarations for payments of the September or third quarter period of 1944, will be mailed to all taxpayers about September 1, Collector of Internal Revenue Harold A. Berliner announced today in San Francisco.

Berliner pointed out, that unless a taxpayer's earnings had been raised, so as to increase his income tax liability by 20 per cent, only the quarterly payment need be made.

The collector urged all who have problems concerning their income tax liability in the September period to visit the nearest Internal Revenue office and seek information from deputy collectors.

TO SPEAK HERE

Associate Justice Frank Murphy of the United States Supreme Court is coming to San Francisco to speak at a public mass meeting, Sunday evening, September 10, in Civic auditorium. While his exact subject has not yet been announced, he will discuss current and postwar problems of a national and international character.

The meeting will be held under auspices of the San Francisco Bay Area Branch of the National Committee against Persecution of the Jews. Justice Murphy is national chairman of the organization.

Chairmaning the local branch, recently formed, is Maurice E. Harrison, prominent local attorney.

Like the national committee, the Bay area branch comprises Americans of the Christian faith who have banded together to join in the campaign being waged against Nazi oppression of the Jews and against anti-Semitism in America.

A class in sight singing, ear training, elementary music theory, and voice will open at Polytechnic Evening high school, Monday, August 28, at 7 p. m., under the direction of Etta McCue. This class is free to all persons 18 years of age or over.

Are you entitled to wear a "target" lapel button? You are if you are investing at least ten percent of your income in War Bonds every pay day. It's your badge of patriotism.

Pinafore Pet

PRETTY CAMOUFLAGE for an old dress or decorative protection for a new one, the pinafore gives lively duty in the growing child's wardrobe. Dainty practicality of deep-hemmed white organdy is shown by Mary Ellen Glass, child actress in CBS "Let's Pretend" dramas. Appealing to every tot are the lace-edged shoulder ruffles and applique trim, and mothers find the pinafore a cinch to launder (From the Doll House, De Pinna, New York.)

Betty Barclay's Jelly Shelf

ORANGE JELLY

(Using orange and lemon skins)
2½ cups juice
4½ cups sugar
½ bottle fruit pectin

To prepare juice, use skins from 8 medium oranges and 2 medium lemons and put through food chopper twice. Add 3 cups water and juice of 2 lemons. Bring to a boil and simmer, covered, 30 minutes. Place in jelly cloth or bag and squeeze out juice.

Measure sugar and fruit juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard ½ minute. Remove from fire, skim, pour quickly. Paraffin hot jelly at once. Makes about 7 glasses (6 fluid ounces each).

"I wish I could do *MORE* to win the War..."

BUT—have you taken the first step in War Service? Are you keeping *yourself* physically fit?

Why is that important? Two simple reasons: First, you can't render all-out service if you are feeling all-in. Second, by getting well, *keeping* well, you relieve overburdened physicians for pressing community service.

Better go to a Physician now, while yours is a one-call case. Delay may prove dangerous for you, burdensome for him. And—may we suggest—bring prescriptions here for careful compounding and courteous service.
